This summer Middle Tennessee State Women's Soccer will offer soccer camps for boys and girls of varying ages and skill levels. Our camps are designed to create a fun and positive learning environment that promotes improvement in each player's technical skills and tactical abilities. An emphasis is placed on giving individual instruction based on each player's age, skill level, experience.

**Tactics** - Campers are placed in small groups based on age and ability and taught various small group tactics. This ranges from 1v1 to 11v11 attacking and defending principles which provides each player with an opportunity to use the skills taught in game-like situations.

**Fitness** - We believe that in our camp environment most fitness should be done with the ball. Even though we don't conduct fitness based sessions at our camps, our camp training regimen helps to build a good fitness base that the individual player would never achieve working alone.

**Technique** - All camp session provides each player with multiple touches on the ball. The first section of each camp session is dedicated to developing the player's technical ability through challenging technical drills.
